

Our golf camps are designed to immerse your junior into the game of golf or build on their current skills in a fun and safe environment no matter their level of experience. Camps will cover full swing fundamentals, short game, course management, rules, and etiquette.

Each day we group campers by request, age, and skill level. We are always looking to challenge our students as they improve on their skill set. To do so, we involve a number of activities that are not golf specific, but are designed to improve their motor skills which enhance their abilities in all sports they may be involved in.

If your child has a real enthusiasm for the game or is just starting out, this is the program for them!
